

Updating the CU App

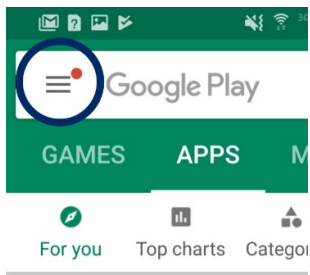

The following information is meant to help with the updating process of the app. When an update is available the user can choose to have the app update automatically or manually update the app. Below are the steps to either setup automatic updates or to manually update.

Update Android Manually

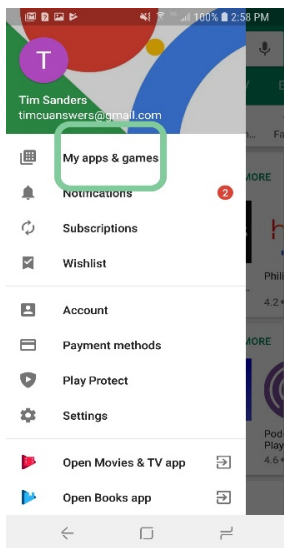

1. Open the Google Play Store

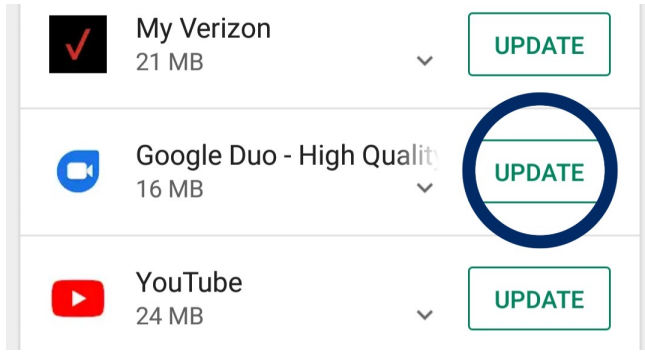

2. Tap Menu

3. Select My apps & games

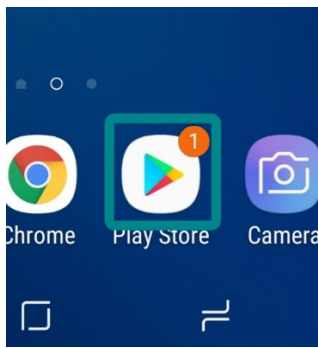

4. Locate the app to be updated
5. Tap the Update button

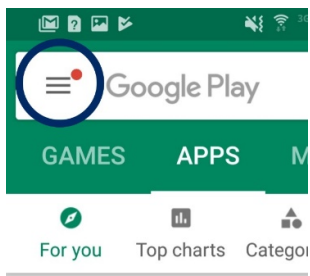

**The update button will only appear if there is an update available for the app.

Update Android Automatically

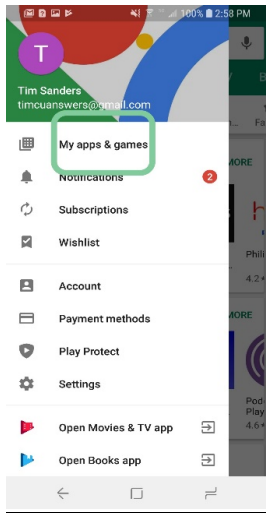

1. Open the Google Play Store

2. Tap Menu

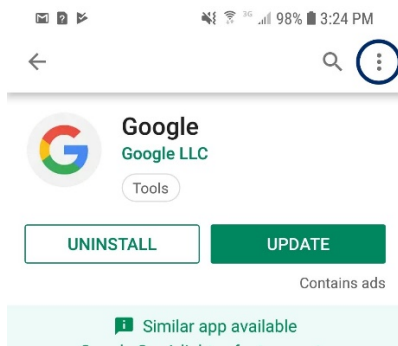

3. Select My apps and games

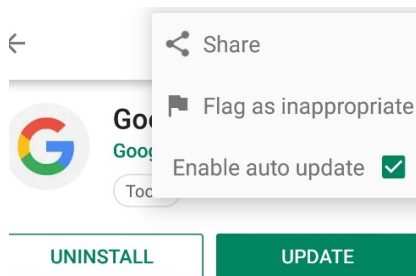

4. Select the app to be updated

5. Select the More button

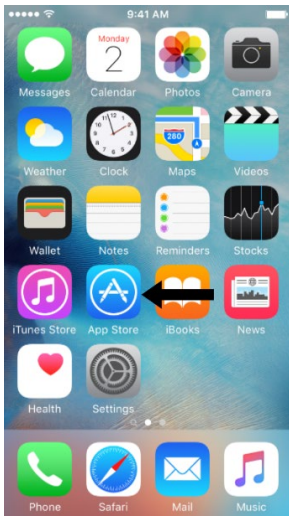

6. Tap Enable auto update

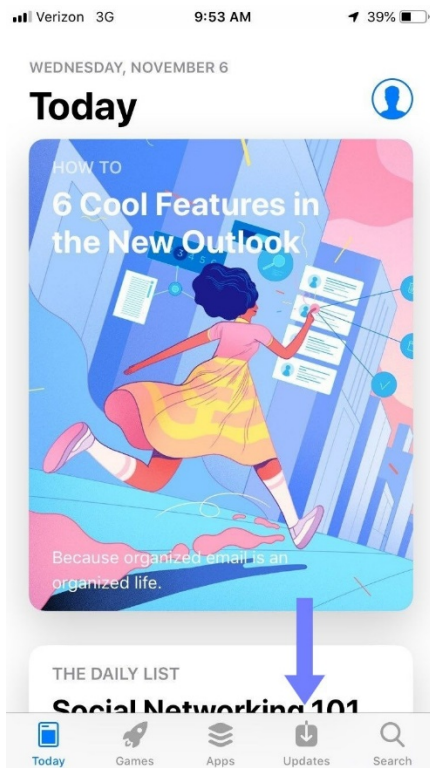

**The app will automatically be updated every time there is an update available.

Update Apple Manually (iOS 12)

1. Open the App Store

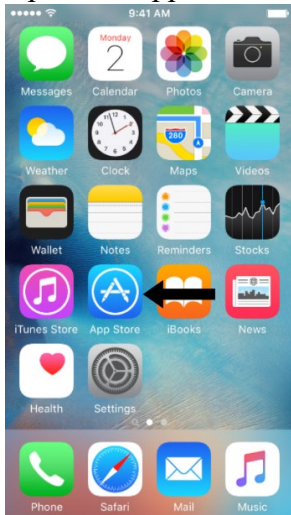

2. Select Updates at the bottom of the screen
3. Locate the app to be updated
4. Select Update

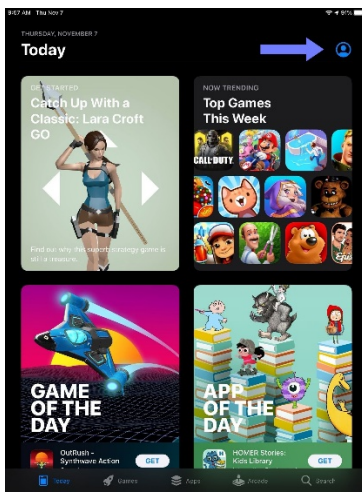

**The update button will only appear if there is an update available for the app.

Update Apple Manually (iOS 13)

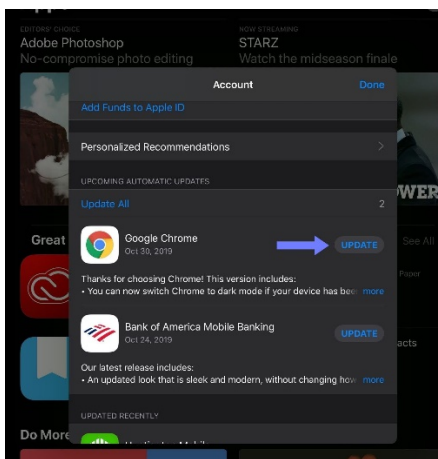

1. Open the App Store

2. Select the User Profile Icon at the top of the screen

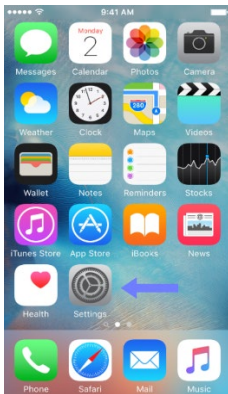

3. Scroll down and locate app you wish to update

Update Apple Automatically

1. Open Settings

2. Select your profile

3. Select iTunes & App Store

4. Select App Updates

****The app will automatically be updated every time there is an update available.**
